

Together we can keep Windsor clean! *Put on your walking shoes, pick up a bag or two and help clean the streets and creeks in Town before the rains come.*

Hosted by the Town of Windsor Storm Water Quality Program, this social distancing creek clean up event, aims to draw Windsorites outdoors **Saturday September 26th** to clean up the streets or creek near your house or business.

Rain and wind carry trash, litter, and debris from street to storm drains and directly to our creeks that lead to the Russian River. Let's work together to pick up trash before it makes its way into our beautiful watershed!

The creek clean-up event will run from September 21st through the 26th and begins at the Public Works Department Administrative Building, located at 8400 Windsor Road, Windsor, at the south parking lot. Look for the box and pick up one or more bright orange garbage bags, spend a few hours cleaning an area you are comfortable in. When you are done email the stormwater coordinator with the location of the corner you will leave the trash bags, so our Public Works Department staff can pick up the bags and dispose of them. stormwater@townofwindsor.com

Some rules:

- Use proper personal protection: use gloves, wear good thick soled shoes, use a trash picker if you have one, and wear your mask
- No group larger than 10 people
- Do not pick up any tires, needles or filled bottles
- Stay out of traffic
- Please obey all requirements in the Sonoma County Public Health Emergency Isolation Order for COVID -19
 - Masks are required if you can't safely stay at least 6-feet apart from those not in your household, and
- Please stay within the Town Limits
